About This Game

Our **MASSIVE** Fall 2018 update is now available!

Camouflaj's most recent update to this episodic stealth thriller includes:

GAMEPAD SUPPORT: Play with a gamepad and control Hope directly, just like the console version

3 NEW COSTUMES FOR HOPE: The previously console-exclusive costumes are here, and they don't just look great, but change the way you play. (Costumes not available in Episode 4)

ENGINE UPGRADE: Our Unity 2017.4 update has enabled us to perform a ton of lighting and graphical upgrades, and improve performance across all devices.

TONS OF FIXES AND POLISH: We've implemented hundreds of bug fixes and improvements across the board to ensure this is the smoothest République experience yet.

JAPANESE LANGUAGE SUPPORT: Japanese players can now enjoy République in their native language!

NEW PRICE: République is now just \$9.99! Pretty good deal, if you ask us.
